TUCSON, Ariz., April 19, 2021 /PRNewswire/ -- In another move to enhance its Unlimited Wash Club, Mister Car Wash, the nation's largest car wash company, has launched a new Digital Membership Experience. With this new online platform, customers can sign up for the Unlimited Wash Club and choose their preferred Mister location from any internet-connected computer or mobile device.

Existing Unlimited Wash Club members will now have greater control over their experience including the ability to manage payment in a safe and secure environment, change their plan type and make any updates to their account.

"Our Unlimited Wash Club is built on speed and convenience for our members. This new online experience provides even greater convenience for our current and future members, giving them full control of their membership in the palm of their hand or from their desktop," said Jill Adams, Vice President of Marketing. "Our members already enjoy washing at any of our 344 locations across the country, access to dedicated member-only lanes and our exceptional customer service. Our new online platform elevates the member experience and is one of many ways that we strive for continued innovation with our Unlimited Wash Club."

While the new Digital Member Experience brings advanced features and functions to the Unlimited Wash Club, the company will continue to sign up new members at any of its 344 stores nationwide.

To support the new online platform, the company has launched a campaign to promote the benefits of membership and how to use the new online platform, with membership giveaways planned for the summer.
